

# Something new at St. Anastasia . . . . . . Welcome to online Giving

GiveCentral was created for the Archdiocese of Chicago based on the needs of not-for-profit organizations to process electronic payments. GiveCentral is the only fully customized payment processing solution that includes both one-time and recurring payments by credit card, debit card or ACH.

As a donor, GiveCentral is a great tool for managing all of your gifts. It has been uniquely crafted to be member-centric and user-friendly.

## Donors can use GiveCentral to:

- ... Contribute to weekly and Special Collections by Debit or Credit Card
- ... Pay School and CCD Fees
- ... Give by Credit Card at Fundraising Events
- ... Track & Automate future Capital Campaign Pledges
- ... Many, Many more events

Here are some, but not all, of the categories (referred to as “events”) already set up for your payments:

School Tuition K-8  
School Tuition PK  
School Tuition Extended  
School Book Fees

Baptism  
Quinceanera  
Wedding  
Funeral

Sunday Collections  
St. Anastasia Extra Collections  
All Archdiocese Collections  
All Holy Day Collections

\* Paying on GiveCentral does not include providing proper paperwork or documentation that is normally required by certain events. For example, if you pay for a baptism online, it does not guarantee you a baptismal date. You still need to speak with staff at the rectory for other requirements that must be met.

## Frequently Asked Questions

**Do I have to register to make a donation or contribution?**

No. But in order to track the donations you make to the multiple locations you may be affiliated with, you must create a profile. If you wish to set up automatic donations, you must have a profile to do so. With a profile you can run reports based on your donation history.

**How safe is my billing information?**

All billing information is truncated and encrypted. The locations do not have access to credit card numbers or banking information. This must be entered by the member. Give Central is PCI Compliant and adheres to the rules of security set forth by the Payment Card Industry to prevent security breaches.
